2023 Certification Webinar

Dec 13, 2022 12:00 PM to 1:30 PM

Sustainable Jersey is implementing a NEW annual certification cycle in 2023. The first application deadline has been moved to February 26. In 2023 this webinar will cover the new cycle timeline. In addition, we will review the certification requirements, managing your application, and tips for a successful application. There will be an opportunity to ask questions, however we encourage you to email your questions in advance to info@sustainablejersey.com with the subject line "Certification Webinar Questions." This will help us ensure that all the questions are answered during the webinar. Learn more about the 2023 certification cycle [here](#).
