Many in our community have requested an opportunity to continue to purchase memorial bricks for the presentation in James Park. The Borough of Madison is ready to continue the project with an annual application period, followed by an annual placing of the new bricks. The concept is to create a lasting opportunity for local community member to continue to recognize the service of those who have served, or are presently serving, in the US Armed Forces.

The cost of the ongoing project will be offset by the sale of bricks to donors. The donors may then memorialize persons who served in the military, living or deceased.

Local residents may honor their veteran relatives or friends, or active duty members, by sponsoring a brick engraved for those persons, and have it placed in the pathway. The Borough of Madison will approve and review the applications, and make every effort to place the bricks as requested by the donors.

**Price per brick \$115.00. *This memorial is not intended for commercial nor advertising purposes.***

**Checks payable to Borough of Madison.**
